Semen Shipment from the Netherlands

At BOVITECH, we are committed to providing top-quality genetics for superior livestock. As part of this mission, we are ensuring the timely delivery of our latest semen shipment, stored and transported using state-of-the-art preservation techniques. Our goal is to support farmers and dairy producers in breeding high-yield, genetically superior cattle.

Imran Aftab (NSM) expressing joy for new product.

Bovitech Team

This shipment consists of internationally certified semen from top-performing bulls, enhanced productivity and profitability for our customers. We prioritize quality, safety, effectiveness at every stage to help your business thrive.

BOVITECH at Dairy Asia Expo 2025

Transforming Dairy Farming with Innovation!

At Dairy Asia Expo 2025, BOVITECH proudly showcased cutting-edge solutions designed to revolutionize the dairy industry. Our goal is to empower dairy farmers with advanced technology and premium-quality products, ensuring higher productivity, efficiency, and profitability.

Our Highlighted Products at the Expo

Imported Semen

Enhancing herd genetics for superior milk yield and healthier cattle. Our high-quality imported semen ensures better breed improvement and long-term benefits for dairy farmers.

Ketozol

Formulated to address specific nutritional deficiencies, It aids in metabolic balance and energy management, crucial for lactating cows and high-producing herds.

Bovigelix

Bovigelix offers a blend of essential nutrients that support immune function, growth, and overall vitality.

Nitrogen Tanks

Reliable storage for semen preservation, maintaining optimal conditions for extended periods to maximize fertility success.

Semen Thawing Unit

Ensuring proper semen thawing at the ideal temperature, leading to higher AI success rates and improved herd reproduction.

A.I Guns

Advanced artificial insemination tools for a smooth and precise insemination process, reducing human error and maximizing breeding efficiency.

BOVITECH remains committed to providing innovative solutions that elevate the dairy sector. If you missed us at the expo, don't worry! We are always here to help you upgrade your dairy farming with top-tier products and expert guidance.

BOVITECH at Multan Dairy Expo 2025

BOVITECH made a remarkable impact at Multan Dairy Expo 2025, bringing cutting-edge solutions to transform the dairy industry. From superior genetics to advanced revolutionary products. we introduced innovative technologies that help farmers maximize productivity and profits.
